Health-system response

Strengthening Health System Responses to Gender-based Violence in Eastern Europe and Central Asia

UNFPA and WAVE · English · 2014

CONCISE SUMMARY

A resource package for strengthening health-system responses to gender-based violence in Eastern Europe and Central Asia. It covers survivor-centred care, staff training, safe identification, documentation, referral pathways, risk assessment and coordination between health and support services.

This is a concise unofficial summary, not a full or official translation. For complete information, consult the original publication.
